

# CHRISTMAS KITTEN RESCUE

---

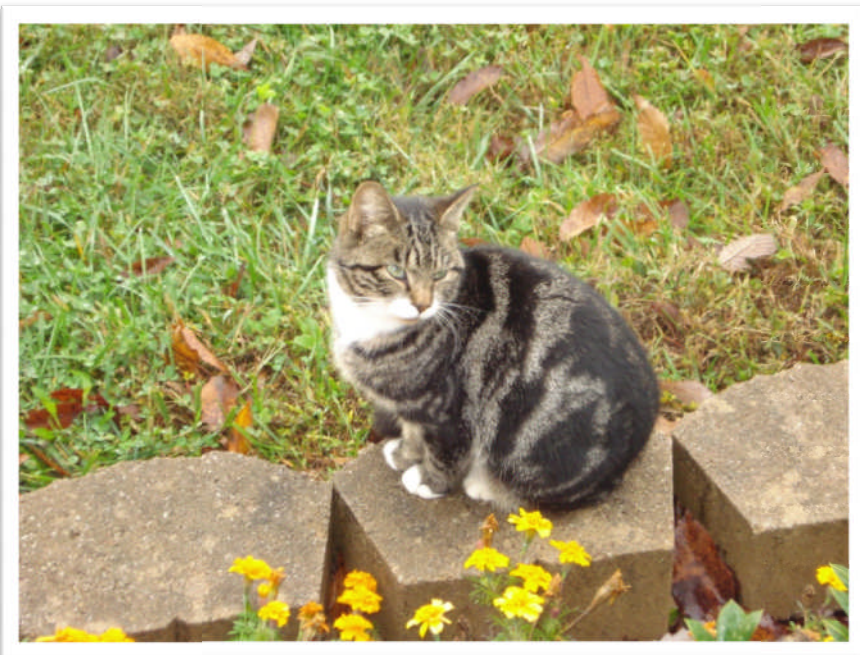

**Please..?** We need a loving home for Christmas. We were rescued by two good souls that feed us and got us all of our tests and shots. We have no bugs and tested negative for Feline Leukemia. We dream of a warm home with someone to hold us and love us and kiss us and make us feel safe. We are sisters and it would be great if we could stay together.

We also come with a Free DVD of us as babies....how embarrassing...

**CALL 276-728-5843 and our nice caretakers will bring us right over. Thank you!!!**

**I'm Ann Francis and I'm Ava Gardner**

**I'm Pretty Girl and am a sweet loving watermelon tabby. I am 1 year old.... (but it's not polite to ask a lady). I would like a home for Christmas too please. I have all my shots and tested negative for Feline Leukemia. I am spayed, (they shaved my tummy and found an "S" tattoo). I just need a chance to love someone. PLEASE can you take me home?.....my tummy is cold.**
